Best deal in the Southeast valley for a 5 bedroom, 3 bath single story with a 3 car garage. This near new bailey model is ideal for extended family with many separate living spaces. The 12 ft wall of glass is a welcome focal feature, tinted for privacy and shade. Great open concept white kitchen with staggered cabinets and black granite. This very versatile open floorplan offers multiple wings of the house. Great next-gen flexibility! All 5 bedrooms have walk in closets. Ideal location in this gated community close to the community center and pool yet very private with only 4 houses on the street.
